[Create a discussion](#)

1 Message board – allows users to post messages to this page. Will generally be used for short concise messaging where a quick response is preferred. Respondents to a message can click on the author's name and be redirected to the author's profile page where they can respond directly via email. As shown in the 3rd message, a message can include an attachment.

Max characters per message – 250
 Max messages per page – 10

2 Newest discussions – presents the hyperlinked title of the 5 most recent discussions as well as a link to allow users to create a new discussion from this page.
